**THE ALTERNATIVE INVESTMENT MARKET  
OF THE LONDON STOCK EXCHANGE**

This document has been prepared by Wynnstay Properties Public Limited Company ("Wynnstay Properties PLC" or "the Company") in connection with the admission of all of its issued ordinary shares of 25p each ("the Ordinary Shares") and all of its issued 8.25% Convertible Loan Stock 1992-1997 ("the Stock") to the Alternative Investment Market ("AIM") of The International Stock Exchange of the United Kingdom and the Republic of Ireland Limited ("the London Stock Exchange").

The Directors of the Company ("the Directors"), whose names appear below, accept responsibility for the information contained in this document. To the best of the knowledge and belief of the Directors (who have taken all reasonable care to ensure that such is the case) the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information.

Application has been/will be made for the Ordinary Shares and the Stock to be admitted to trading on AIM. It is emphasised that no application is being made for admission of these securities to the Official List.

AIM is a market designed primarily for emerging or smaller companies. The rules of this market are less demanding than those of the Official List. The London Stock Exchange has not itself examined this document.

The Company's Ordinary Shares and the Stock are currently traded under Rule 4.2 of the Rules of the London Stock Exchange. Accordingly, this document contains the information required by the transitional arrangements laid down by the London Stock Exchange for companies whose securities are traded under Rule 4.2 and does not include the information required to be included in a prospectus in accordance with the Public Offer of Securities Regulations 1995.

If you are in any doubt about the contents of this document you should consult a person authorised under the Financial Services Act 1986 who specialises in advising on the acquisition of shares and other securities.

## WYNNSTAY PROPERTIES PLC

Registered in England No. 22473C

### **1. Details of the Company**

The Company is a public limited company and was incorporated in England and Wales under the Companies Acts 1862 to 1883 on 9th April 1886 with the registered number 22473C. The liability of the members of the Company is limited.

The legislation now applying to the Company is the Companies Acts 1985 to 1989.

The principal activity of the Company and of the Wynnstay group ("the Group") is that of property owners, developers and managers.

The main object of the Company (contained in Clause 4(a) of its Memorandum of Association) is to purchase, lease or otherwise acquire, or to mortgage, sell or hold as an investment, land and buildings, and to manage, let for rent or develop such land and buildings or construct buildings or carry out any works on such land and carry out any ancillary businesses to allow the Company to carry on its main business.

## **2. The Wynnstay Group of Companies**

The Company is the holding company of the Group. The Group also comprises:

- Marfield Estates Limited
- Ripple Properties Limited
- William Wheeler (Properties) Limited
- Wynnstay Developments Limited
- Wynnstay Management Services Limited
- York Road (Bognor) Property Company Limited

Each of these companies is a wholly and beneficially owned subsidiary of the Company other than William Wheeler (Properties) Limited which is a subsidiary of Wynnstay Developments Limited.

## **3. Latest Annual Audited Accounts**

A copy of the report and accounts of the Company for the year ending 25th March 1995 which contains consolidated accounts for the Group is attached at Appendix 1.

## **4. Current Trends**

The Board considers that the prospect of rental growth in the United Kingdom property market is limited at present and is dependant upon a sustained revival in the economy.

The Directors are therefore determined to enhance the quality of the portfolio by pursuing a policy of disposing of those properties which are vacant or where their size, nature or location means that they no longer fit long term into the Group's portfolio. It is intended to employ the proceeds from such disposals in acquiring attractive commercial investment properties.

Recently, contracts have been exchanged for the sale of a land site at Colchester, held by the Company as a trading asset, involving a price in excess of book value. This contract is conditional on the purchaser obtaining an acceptable planning consent for retail development, subject to which, it is anticipated that completion will take place on or before 30th November 1995.

The Group has medium term loan facilities of £8.5 million for property investment, of which approximately £7.73 million has been drawn down to date. The Directors intend to utilise the balance of these funds when suitable opportunities for further investment become available but it is not their intention to seek to increase such facilities. Indeed, the Board's objective is to achieve a reduction in gearing.

**5. Prospects for the Current Financial Year**

The Directors consider that the location and spread of the Group's portfolio positions the Group to benefit from any revival in the economy. Inevitably, changes in interest rates will impact on profitability.

A positive contribution is expected, after related financing charges from those properties acquired during 1994/95 and also from any property disposals.

**6. Adequacy of Working Capital**

In the opinion of the Company, having made due and careful enquiry, the working capital available to the Company and its Group is sufficient for their present requirements.

**7. Share Capital**

The authorised share capital of the Company is £2,000,000 divided into 8,000,000 ordinary shares of 25p each.

The issued share capital of the Company is currently £788,817 divided into 3,155,267 ordinary shares of 25p each.

All Ordinary Shares are fully paid.

By virtue of an Ordinary Resolution dated 12th July 1995, the Directors have the authority to allot authorised but unissued shares in the Company until 11th July 2000.

**8. Rights Attaching to Shares in the Company**

The rights attaching to ordinary shares are contained in the Company's Articles of Association ("the Articles of Association"). The Articles of Association contain provisions which have the following effect:

**(a) Voting Rights**

On a show of hands every member personally present at a general meeting or (being a corporation) is present by a duly authorised representative who is not himself a member shall have one vote. A member present only by proxy shall have no vote but a proxy for a corporation may vote.

On a poll, every member present personally or by proxy at a general meeting shall have one vote for every £1 of share capital held by him.

If two or more persons are jointly entitled to a share, then, in voting upon any questions, the vote of a senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other holders of the share, and for this purpose seniority shall

be determined by the order in which the names stand in the register of members.

**(b) *Entitlement to Dividends***

The Company in general meeting may from time to time declare dividends which are payable out of the profits of the Company. Dividends shall be paid to members in proportion to the amounts paid up on shares held by each member. The Directors may from time to time pay an interim dividend, or pay any preferential dividends on shares issued upon the terms that the preferential dividends thereon shall be payable on fixed dates.

The Directors may deduct from any dividend or other moneys payable in respect of any shares held by a member, either alone or jointly with any other member, all such sums of money (if any) as may be due and payable by him either alone or jointly with any other person to the Company on account of calls or otherwise.

No unpaid dividend or interest shall bear interest as against the Company.

**(c) *Return of Capital on Winding Up***

The Articles of Association contain no special provisions relating to rights to assets on a winding up. Accordingly, the general law will apply and any assets available for distribution to shareholders after payment to creditors will be distributed to members *pro rata* their holdings of ordinary shares.

If the Company is the subject to a creditors or voluntary winding up, the liquidators may with the sanction of an Extraordinary Resolution:

- (i) divide among the members *in specie* any part of the assets of the Company; and
- (ii) vest any part of the assets of the Company in trustees upon such trusts for or for the benefit of the members or any of them as the liquidators with the like sanction shall think fit.

The Extraordinary Resolution may provide for and sanction a distribution of any specific assets amongst different classes of members otherwise than in accordance with their existing rights, but each member shall in that event have a right of dissent and other ancillary rights in the same manner as if such resolution were a Special Resolution passed pursuant to Section 287 of the Companies Act 1948.

**(d) *Redemption***

Subject to the provisions of the Companies Act 1985 ("the Act") (or any re-enactment or modification of the same), the Company may purchase its own shares (including any redeemable shares).

**(e) *Variation of Share Rights***

Subject to the provisions of Companies Acts, all or any of the rights or privileges for the time being attached to any class of shares in the Company may be modified or abrogated at any time (and notwithstanding that the Company may be or be about to be in liquidation) in any manner with the sanction of an Extraordinary Resolution passed at a separate meeting of the members of that class.

All the provisions of the Articles of Association relating to General Meeting (including the obligation to notify members as to their right to appoint proxies) shall apply to such meeting *mutatis mutandis*, provided always that the necessary quorum shall be members of the class holding or representing by proxy one-third of the capital paid up on the issued shares of the class, and that the members of such class shall on a poll have one vote for each share of the class held by them respectively, provided also that if at any adjourned meeting of the members of such class a quorum as above defined is not present, those members who are present shall form a quorum.

**(f) *Rights of Pre-emption***

The Company in general meeting may direct that new shares shall be offered to existing members in proportion to the number of existing shares held by them. If the offer is declined, the Directors may dispose of the shares in such manner as they think most beneficial to the Company.

No other pre-emption rights are contained in the Articles of Association regarding the issue and allotment of shares in respect of authorised share capital or to the transfer of shares.

**9. The Stock**

The Company has issued £821,489 of the Stock being £1,000,000 nominal stock created by an Instrument dated 18th September 1987 (the "Loan Stock Instrument").

If the entire issued Stock were to be converted by each Stockholder in accordance with the rights set out below, the Company would be obliged to issue 469,422 ordinary shares. The following Stockholder would hold in excess of 3 per cent. of the issued share capital of the Company following such conversion:

<b>Stockholder</b>	<b>Amount of Stock Held</b>	<b>No. of ordinary shares following conversion</b>	<b>Percentage of fully diluted issued share capital</b>
Hoare Trustees	£550,652	314,658	8.68

The rights of Stockholders are as follows:

**(a) *Ranking***

The Stock constitutes an unsecured obligation of the Company ranking *pari passu* and rateably without determination or preference with other unsecured debts of the Company.

**(b) *Rights to Conversion***

Each Stockholder has the right to convert the whole or part of his Stock at a rate of one fully paid ordinary share for every £1.75 of Stock held by him ("the Rate of Conversion") : This right is exercisable on 26th March ("the Conversion Date") in any of the years 1992 to 1997 inclusive.

**(c) *Procedures for Conversion***

A Stockholder wishing to exercise his right of conversion shall complete the notice of conversion printed on the Stock certificate and deposit the same together with the relevant Stock certificate at the registered office of the Company not less than 30 days prior to the Conversion Date in the relevant year. Interest on Stock converted will cease to accrue as from (but not including) 25th March in the year of conversion. All Stock converted shall be cancelled and shall not be capable of being reissued.

**(d) *Variation of Rate of Conversion***

In the event of any capitalisation or rights issue or any consolidation, sub-division or reduction of capital by the Company, the rate of conversion may be adjusted in accordance with the Articles of Association.

**(e) *Repayment of Stock***

The Stock, unless converted and unless repayment is accelerated as a result of a default by the Company, will be repaid at par together with accrued interest on 26th March 1997.

**(f) Default**

The Loan Stock Instrument contains the following terms relating to default by the Company.

In the event that:

- (i) default is made by the Company in the performance or observance of any obligation or provision binding on it under the terms of the Loan Stock Instrument; or
- (ii) any material indebtedness of the Company or any subsidiary shall not be paid or repaid on the due date as extended by any applicable grace period or shall become due and payable prior to the specified maturity date therefor by reason of default or if any guarantee given by the Company or any of its subsidiaries shall not be honoured when due and called; or
- (iii) the Company stops or threatens to stop payment or ceases or threatens to cease to carry on its business or substantially the whole of its business; or
- (iv) the Company shall be unable to pay its debts within the meaning of Section 123 of the Insolvency Act 1986 or the equivalent statutory provisions in any other applicable jurisdiction or shall commence negotiations with any one or more of its creditors with a view to the general readjustment or re-scheduling of its indebtedness or shall make a general assignment for the benefit of or a composition with its creditors; or
- (v) an encumbrancer takes possession or a receiver administrator or similar officer is appointed of the whole or any part (which is material in relation to the total assets of the Company) of the undertaking property or assets of the Company or if any distress or other process shall be levied or enforced or sued out upon or against any material part of the property or undertaking of the Company; or
- (vi) an order be made or an effective resolution passed for the winding up of the Company (otherwise than for the purposes of reconstruction or amalgamation whilst solvent on terms which shall have been previously approved by the Stockholders, such approval not to be unreasonably withheld);

then and in any such event if any Stockholder gives written notice to the Company declaring the Stock held by it to be due and payable the Stock shall become immediately repayable at its principal amount together with interest (if any) accrued to the date of repayment.

At any time after the Stock shall have become repayable the Stockholders or any of them may without further notice institute such proceedings as they may think fit to enforce payment of the monies then due.

**(g) *Rights Attaching to the Underlying Securities***

Shares arising on conversion rank *pari passu* with the fully paid ordinary shares in the Company in all respects. Such shares therefore carry the same rights with regard to voting, entitlement to dividends (but only in respect of the financial year of the Company in which the conversion took place), return of capital on winding up, and redemption. Details of these rights are set out in Section 8 above.

**(h) *Interest***

The Stock bears interest at a rate of 8.25 per cent. per annum from the date of issue accruing from day to day. Such interest is payable by the Company on 25th March and 25th September in each year.

**10. Dividend Entitlement Dates**

The dates upon which dividends are declared or paid vary from year to year. An interim dividend was paid on 13th December 1994. The final dividend for the 1995 financial year was paid on 18th July 1995.

## CHAIRMAN'S STATEMENT

Wynnstay has enjoyed another highly satisfactory year in terms of both profitability and Shareholders' funds.

### Overview of Results

Profit before property disposals and taxation continued at a similar level to that achieved in each of the past two years, despite higher overhead and finance costs. A substantial surplus over book value was realised from the property disposal completed in February 2005 to which I refer below, resulting in record pre-tax profits for the year. In addition, the year end property revaluation saw a further significant increase in the value of the portfolio. As a result, Shareholders' funds rose to £11.72 million, compared with £10.45 million last year.

The results may be summarised as follows:

	Change	2005	2004
• Profit before property disposals and taxation:	- 0.2%	£650,000	£651,000
• Profit on ordinary activities before taxation:	+ 49.3%	£1,093,000	£732,000
• Net asset value per share:	+ 12.1%	371p	331p
• Basic Earnings per share:	+ 59.2%	26.9p	16.9p
• Dividends per share:	+ 5.3%	8.0p	7.6p

### Property Management

Property income rose by 7.5% to £1,693,000 (2004: £1,575,000). This increase reflects a full year's contribution from the business centre in Chessington, acquired in November 2003 and a seven month contribution from the industrial units at Basingstoke, which we purchased in August 2004.

The portfolio remained fully let and income producing throughout the year, with two exceptions. We took a surrender of the lease on one of the industrial units at Basingstoke, negotiated a good settlement with the outgoing tenant as regards the condition of the property and entered into a new lease at an increased rent with a local business. As a result, the property has been brought up to standard without significant expense to the Company. The other vacant property was let on a temporary basis for six months during the year and has subsequently undergone extensive repairs, following which it is now being actively re-marketed. The void costs in this case, including loss of rent, amounted to approximately £40,000.

We were again fortunate in not incurring any bad debts during the period.

### Portfolio

It is pleasing to note that the policy of upgrading and repositioning the portfolio has been reflected in the revaluation. Sanderson Weatherall, appointed as the Company's independent valuers following the demise of Chesterton, valued the portfolio at £18.74 million at the year end. Once again, among the best performing properties in terms of growth have been the industrial properties acquired in central southern England over the past few years.

In my interim statement, I reported on the acquisition of our self-contained industrial investment at Crockford Lane, Basingstoke for a consideration of £1.5 million. This property comprises three adjoining units totalling 22,495 sq. ft., and from September will produce an increased rental income of £133,150 p.a.

Also at the interim stage, I reported on the exchange of contracts for the disposal of our office and retail property at Bognor Regis for £1,475,000, realising a net profit before taxation of £443,000. As a result, the mix of our portfolio has shifted towards the industrial sector which now accounts for 55% by value, with the balance comprising 24% offices and 21% retail.

### Borrowings and Gearing

Net borrowings at the year-end were £5.93 million (2004: £6.08 million) and, as a result of Shareholders' funds having increased by £1.27 million, net gearing at the year-end was 51%, compared with 58% last year.

We are at a preliminary stage in renegotiating our loan facilities and with the Company having become significantly stronger financially over recent years, it is anticipated that this should enable us to achieve improved terms.

### **Dividend**

The Directors are recommending a total dividend for the year of 8.0p per share, compared with 7.6p last year, representing an increase of 5.3%. Subject to approval at the AGM, a final dividend of 5.7p per share will be paid on 4th August 2005 to Shareholders on the register on 8th July 2005.

### **Interest Rates**

The first half of the year saw further interest rate increases, spurred by rises in consumer spending and in the residential market. However, concerns on these issues appear to have abated, with rates having been stable for some months and with evidence of a significant slowdown in retail spending, lead indicators now suggest that the next move in rates may be downwards. Should this prove to be the case, it will be an encouraging sign for commercial property investment.

### **Outlook**

The current year is likely to prove somewhat more challenging with one of our larger properties likely to become vacant at the half-year. Additionally, our rental income will inevitably show a decline until we are able to reinvest the proceeds from our recent property disposal. However, this is not easy as a result of the scarcity of suitable properties and the prices being sought. The Board's view is that it is preferable over the short term to monitor the market rather than risk over-paying, particularly at a time many see as being a mature stage in the current cycle. With our modest gearing, we are in a strong financial position to undertake significant levels of investment should attractive opportunities become available. Although there remain a small number of properties we would consider selling, it is as yet too early to forecast whether any disposals will take place during the current financial year.

### **Shareholders' Meeting**

I urge Shareholders, if possible, to attend this year's Annual General Meeting which will be held at the Royal Automobile Club at 12.00 noon on Thursday 28th July 2005. Last year, I was able to provide a flavour of some of the properties in which Wynnstay has invested and I am hopeful of repeating the exercise this year.

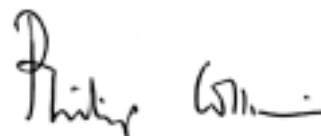

The Directors have decided this year not to seek authority for Wynnstay to purchase its own shares. The increase in the Company's share price over the past year, means that any resulting benefits would be significantly less than in the past, particularly after taking account of the costs involved. However, the merits of such an exercise will be kept under review and a renewed authority will be sought should this again be considered to be in Shareholders' interests.

The Notice of Meeting contains two resolutions under Special Business, relating to the Directors' authority to allot shares in the Company, details of which are set out in the Report of the Directors.

### **Closing Comments**

Shareholders may have noticed the recent announcement that I am to become Chairman of the Office of Fair Trading with effect from 1st October 2005. Although this will necessitate my ceasing to practise as a competition lawyer, my new part-time role at the OFT will not affect my work for, or commitment to, Wynnstay and the interests of its Shareholders.

As always, the Company's success over the past year would not have been possible without the effort and enthusiasm of my colleagues and our small full-time team. I extend my thanks to each of them, as well as to our professional advisers, for their highly-valued contributions.

## REPORT OF THE DIRECTORS 2005

The Directors present their One Hundred and Nineteenth Annual Report, together with the audited Financial Statements of the Company and its subsidiaries for the year ended 25th March 2005.

### Principal Activity

The principal activity of the Group during the year continued to be that of Property Owners, Developers and Managers.

### Results and Dividends

A review of the business for the year and of the future prospects of the Group is included in the Chairman's Statement on pages 3 and 4. The financial statements are set out on pages 10 to 21.

The profit for the year after taxation amounted to £850,000 (2004 - £534,000). Details of movements in reserves are set out in note 17 to the financial statements on page 20.

The Directors have decided to recommend a final dividend of 5.7 pence per share for the year ended 25th March 2005 payable on 4th August 2005 to those Shareholders on the register on 8th July 2005. This dividend, together with the interim dividend of 2.3 pence paid on 16th December 2004, represents a total for the year of 8.0 pence (2004 - 7.6 pence).

### Fixed Assets

The investment properties have been valued by Sanderson Weatherall on the basis of Market Value at 25th March 2005. The movement in Fixed Assets is set out in Note 9 on Page 17.

### Directors

The Directors holding office during the financial year under review and their beneficial interests in the ordinary share capital of the Company at 25th March 2005 and 25th March 2004 are shown below:-

#### Directors' Responsibilities in respect of the preparation of Financial Statements

Company Law requires the Directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Group and the Company and of the profit or loss of the Group for that period. In preparing those financial statements, the Directors are required to:

- Select suitable accounting policies and then apply them consistently.
- Make judgements and estimates that are reasonable and prudent.
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Group and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### Directors' and Officers' Liability Insurance

The Group has maintained Directors' and Officers' insurance as permitted by the Companies Act 1985.

#### Substantial Interests

To the date of this report, the Directors have been notified or are aware of the following interests, which are in excess of three per cent of the issued Ordinary Share Capital of the Company:

	<b>No. of Ordinary Shares of 25p</b>	<b>Percentage of issued Share Capital</b>
Mr P.G.H. Collins	854,036	27.07%
York & District Investment Company Limited	380,839	12.07%
Mr H.J.A. Bird	179,280	5.68%

### Employees

Where appropriate, employees are informed on issues which are of interest to, or concern them. The Group's policy is to recruit and develop its employees on the basis of their suitability, experience and aptitude and regardless of sex, creed, race, nationality or disability.

### Payment to Suppliers

It is the Group's policy to pay suppliers according to agreed terms and conditions, provided that these are met. The Group does not have a standard or code which deals specifically with the payment of suppliers. The average period in the case of the parent company for which payment was outstanding during the year ended 25th March 2005 was 21 days (2004 – 20 days).

### Corporate Governance

The Board has considered the principles and provisions of the Combined Code issued by the Committee on Corporate Governance in July 2003 and applied them to the extent considered appropriate by the Board given the size of the Group.

- The Company is headed by an effective Board which leads and controls the Group.
- There is a clear division of responsibilities in running the Board and running the Group's business.
- The Board comprises two executive and four non-executive Directors. The Chairman is a non-executive member of the Board. In view of the size of the Group there is no formal procedure for the appointment of new Directors.
- The Board receives and reviews on a regular basis financial and operating information appropriate to the Directors being able to discharge their duties. An annual budget is approved by the Board and a revised forecast is prepared at the half year stage. Cashflow and other financial performance indicators are monitored monthly against budget.
- Directors submit themselves for re-election every three years by rotation in accordance with the Articles of Association.
- The Board welcomes communication from the Company's Shareholders and positively encourages their attendance at the Annual General Meeting.
- In view of the current size of the Group and its Board the establishment of an audit committee or an internal audit department would be inappropriate. However, the auditors to the Group have direct access to the non-executive Chairman.

### Remuneration Committee

The Board currently acts as the remuneration committee, the details of the Directors' emoluments being set out above. It is the Company's policy that the remuneration of Directors should be commensurate with services provided by them to the Group.

### Going Concern

After making enquiries, the Directors have a reasonable expectation that the Group has adequate resources to continue in existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements.

## REPORT OF THE DIRECTORS 2005 continued

### Internal Control

The Directors are responsible for the Group's system of internal financial control, which is designed to provide reasonable, but not absolute, assurance against material misstatement or loss. In fulfilling these responsibilities, the Board has reviewed the effectiveness of the system of internal financial control. The Directors have established procedures for planning and budgeting and for monitoring, on a regular basis, the performance of the Group.

### Donations

The Group made no charitable or political donations during the year.

### Auditors

Moore Stephens have indicated their willingness to continue in office and resolutions concerning their re-appointment and remuneration will be proposed at the Annual General Meeting.

### Annual General Meeting

The Notice of the Annual General Meeting is set out on pages 23 and 24. This includes two items of Special Business as follows:

**Resolution 8.** The Directors may only allot shares or grant rights over ordinary shares if authorised to do so by Shareholders. Accordingly, Resolution 8 will be proposed as an Ordinary Resolution to grant the Directors authority to allot ordinary shares up to an aggregate nominal value of £262,939, representing one-third of the issued ordinary share capital of the Company as at 21st June 2005. If granted, this authority will expire five years from the date of passing the Resolution. The Directors have no present intention of issuing any share capital of the Company pursuant to such authority.

**Resolution 9.** Subject to the passing of Resolution 8 above, the Directors require additional authority from Shareholders to allot ordinary shares or grant rights over ordinary shares where they propose to do so for cash otherwise than to existing Shareholders pro rata to their holdings. Accordingly, Resolution 9 will be proposed as a Special Resolution to grant such authority. The authority will be limited to the issue of ordinary shares up to an aggregate nominal value of £78,881, being 10% of the issued ordinary share capital of the Company as at 21st June 2005. If granted, this authority will expire five years from the date of passing the Resolution.

The foregoing Resolutions, if approved, will replace the corresponding Resolutions passed at the Annual General Meeting held on 25th July 2002.

By Order of the Board,  
P.R. KIRKLAND  
*Secretary.*

## INDEPENDENT AUDITORS' REPORT

### TO THE SHAREHOLDERS OF WYNNSTAY PROPERTIES PLC

We have audited the financial statements of Wynnstay Properties PLC for the year ended 25th March 2005 set out on pages 10 to 21. These financial statements have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets and the accounting policies set out on page 15.

This report is made solely to the Company's members as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

#### **Respective Responsibilities of Directors and Auditors**

As described in the Statement of Directors' Responsibilities the Company's Directors are responsible for the preparation of the financial statements in accordance with applicable law and United Kingdom Accounting Standards.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and United Kingdom Auditing Standards.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the Report of the Directors is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding Directors' remuneration and transactions with the Company is not disclosed.

We read other information contained in the Annual Report, and consider whether it is consistent with the audited financial statements. This other information comprises only the Report of the Directors (including the Corporate Governance Statement), the Chairman's Statement and the five year Financial Review. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. Our responsibilities do not extend to any other information.

#### **Basis of Audit Opinion**

We conducted our audit in accordance with United Kingdom Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the Directors in the preparation of the financial statements and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### **Opinion**

In our opinion the financial statements give a true and fair view of the state of affairs of the Company and the Group as at 25th March 2005 and of the Group profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

## WYNNSTAY PROPERTIES PLC

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 25TH MARCH 2005

#### 1. ACCOUNTING POLICIES

##### **Basis of Preparation and Consolidation**

The Group Accounts have been prepared under the historical cost convention, as modified by the revaluation of investment properties, and applicable accounting standards. The consolidated financial statements comprise the results of the Company and its subsidiary undertakings drawn up to 25th March each year.

##### **Depreciation**

In accordance with SSAP 19, Group properties are revalued annually and the aggregate surplus or deficit taken to an Investment Revaluation Reserve. No depreciation or amortisation is provided in respect of freehold investment properties and leasehold investment properties having unexpired terms in excess of 20 years, which is a departure from the requirements of the Companies Act 1985 to depreciate fixed assets. This is necessary in order to give a true and fair view and is in accordance with the requirements of SSAP 19. The resulting effect has not been quantified since, in the opinion of the Directors, it would be both impractical and misleading to do so. Leasehold improvements are amortised over the period of the underlying lease.

Depreciation of other fixed assets is on a straight line basis calculated at annual rates estimated to write off each asset over its useful life of 5 years.

##### **Disposal of Investments**

The gains and losses on the disposal of investment properties and other investments are included in the Profit and Loss Account below Operating Profit.

##### **Gross Rental Income**

Gross Rental Income represents the accrued charges under operating leases for rental of the Group's properties and is stated net of Value Added Tax. All income is derived in the United Kingdom.

##### **Repairs and Renewals**

Repairs and renewals are charged to the Profit and Loss Account as incurred.

##### **Deferred Taxation**

Deferred taxation is provided on all timing differences that have originated but not reversed by the Balance Sheet date on a non-discounted basis. Deferred taxation assets are recognised only to the extent that it is more likely than not that there will be suitable taxable profits against which deferred taxation assets are able to reverse.

##### **Investments**

Investments are stated at cost less provision for impairment.

##### **Pensions**

Pension contributions towards employees' pension plans are charged to the Profit and Loss Account as incurred.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 25TH MARCH 2005

#### 8. EARNINGS PER SHARE

Basic earnings per share are calculated by dividing Profit after Taxation attributable to Ordinary Shareholders of £850,000 (2004: £534,000) by the weighted average number of 3,155,267 ordinary shares in issue during the period (2004: 3,155,267). There are no instruments in issue that would have the effect of diluting earnings per share.

Normalised earnings per share have been calculated by deducting Profit on Disposal of Investment Properties after current taxation of £392,000 (2004: £81,000), set out in Note 5, from the amount of basic earnings and dividing the resulting figure by the same weighted average number of shares in issue for each year.

Valuation	<u>17,455</u>	<u>12</u>	<u>3</u>	<u>17,470</u>

The Group's freehold investment properties were valued at £18,740,000 by Independent Valuers, Sanderson Weatherall, Chartered Surveyors, as at 25th March 2005, in accordance with the RICS Appraisal and Valuation Standards, on the basis of Market Value, defined as:

“The estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm's-length transaction, after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion”.

The Valuers have confirmed that this definition produces the same figure as the former definition of Open Market Value.

Freehold investment properties would have been shown at an historical cost of £14,068,000 (2004: £12,950,000) if revaluations had not been undertaken.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 25TH MARCH 2005

#### 14. FINANCIAL INSTRUMENTS

At 25th March 2005 the Group's financial instruments comprised borrowings and cash at bank and in hand, but excluded short term debtors and short term creditors. The main purpose of these financial instruments was to raise finance for the Group's operations. Throughout the period under review, the Group has not traded in any other financial instruments and the fair value of the Group's financial assets and liabilities at 25th March 2005 is not materially different from their book value. The main risks arising from the Group's financial instruments are interest rate risk and liquidity risk. The Board reviews and agrees policies for managing each of these risks and they are summarised below:

##### Interest Rate Risk

The Group finances its operations through a combination of retained profits and bank borrowings. The Group borrows at fixed and floating rates of interest. The Group accepts a degree of interest rate risk, but keeps this under constant review in the light of interest rate movements.

##### Liquidity Risk

As regards liquidity, the Group has ensured continuity of funding, so that the majority of its borrowings should mature more than one year hence. Short term flexibility is achieved by an overdraft facility. Cash at bank and in hand at 25th March 2005 amounted to £272,000. Details of the Company's bank borrowings are set out in note 13.

#### 15. PROVISIONS FOR LIABILITIES AND CHARGES

##### Deferred Taxation – Group and Company

	<b>Advance Corporation Tax £'000</b>	<b>Industrial Buildings Allowances £'000</b>	<b>Total £'000</b>
At 26th March 2004	154	(314)	(160)
ACT utilised against Corporation Tax	(144)	–	(144)
At 25th March 2005	10	(314)	(304)

Deferred taxation is fully provided in the accounts in respect of Advance Corporation Tax ("ACT") recoverable and Industrial Buildings Allowances ("IBAs"). ACT recoverable is provided to the extent that it is foreseeable that it is more likely than not there will be suitable taxable profits against which ACT recognised is able to reverse. In each of the years set out below, IBAs will fall away on completion of 25 years ownership by the Group of the properties concerned at which point, credits against the deferred tax provision will be made to the profit and loss account as follows:

Years ending 25th March:	2007 £'000	2008 £'000	2009 £'000	2012 £'000	Total £'000
	159	117	26	12	314
	159	117	26	12	314

No provision has been made for deferred taxation on gains recognised on the revaluation of investment properties to their market value. The total amount unprovided at 25th March 2005 is £251,000 (2004: £174,000). It is not currently envisaged that any capital gains tax will become payable in the foreseeable future.
